RE: MB Docket 10-56

Dear Chairman and Commissioners:

Throughout the years, television stations like KNTV have been excellent partners with our organization and others in the non-profit community. The station devotes significant resources to public service and therefore has the ability to inform large numbers of viewers about important community events such as our Dr. Martin Luther King, Jr. Writing, Art and Multimedia Contest and increase awareness of issues such as diversity and stereotyping facing local residents. We look forward to the proposed Comcast/NBC joint venture resulting in stronger local NBC stations and enabling those stations to continue to provide this valuable community service to residents and non-profit organizations.

Sincerely,

Pat Mitchell, SFCC
Executive Director
