RE: MB Docket 10-56

April 30, 2010

Dear Chairman and Commissioners:

Throughout the years, television stations like KNTV have been excellent partners with our organization and others in the nonprofit community. The station devotes significant resources to public service and therefore has the ability to inform large numbers of viewers about important community events and increase awareness of issues of public health facing local residents.

San Francisco AIDS Foundation supports the proposed Comcast/NBC joint venture because it will result in a stronger local NBC station and enable KNTV to continue to provide this valuable community service to residents and nonprofit organizations.

Thank you for your consideration.

Sincerely,

Debra Holtz
Media Relations Manager
