RE: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

I recognize that you are in the process of reviewing a proposed joint venture between Comcast and NBC Universal. As part of that review, I am sure that you will be taking interest in learning how these companies partner with the local communities they serve. We feel that Comcast believes in staying actively involved and supporting the communities it serves and in giving a platform for community organizations and the public sector to reach out to a wider audience through the products and services they offer.

For the last three years, Comcast has partnered with the Will County Forest Preserve District in hosting Comcast Cares Day in the Will County area. During the summer, the Forest Preserve hosts a fun bike race for all ages through the Forest Preserve Trails. The Comcast Cares Day event has been timed well to do some much needed clean-up and clearing work of the trails prior to the fun bike race. In recognition of Comcast's support of the Will County Forest Preserve, we awarded the Corporate Partner of the year award to Comcast in 2007.

As Comcast moves forward with its proposed NBC Universal joint venture, we wish the company all the success in the world and look forward to discovering new ways to partner with this dynamic committed company during the days, weeks, months and years ahead.
