Re: MB Docket No. 10-56

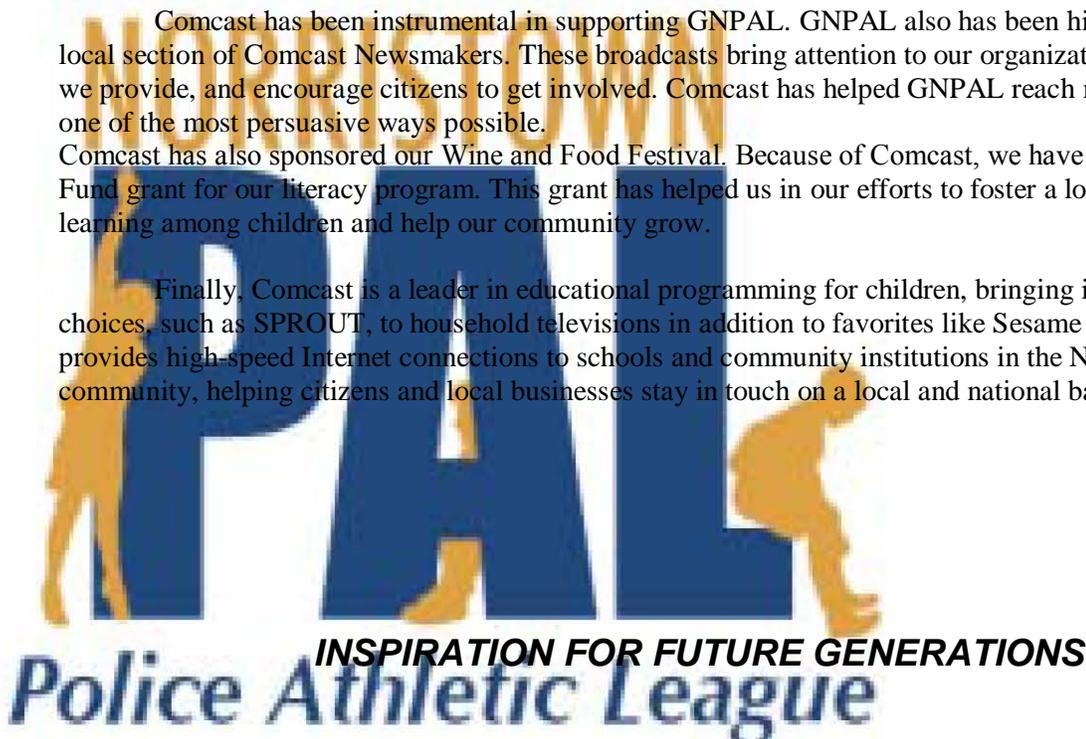

Dear Chairman Genachowski,

My organization, the Greater Norristown Police Athletic League (GNPAL) in Pennsylvania, is proud to have worked with Comcast on many events and on a wide variety of community outreach programs. Comcast has been a major player in our organization for several years and we would not be nearly as successful without its help. As you review its proposed partnership with NBC Universal, I hope you will consider Comcast's role as a community leader and promoter of good values and practices for children.

GNPAL seeks to provide children a place to play, learn, explore and discover. We strive to instill respect for community leaders and authority, promote education and learning, and encourage lifelong practices of good health and exercise. Our children graduate from our programs as better citizens and ready to become community leaders.

Comcast has been instrumental in supporting GNPAL. GNPAL also has been highlighted on our local section of Comcast Newsmakers. These broadcasts bring attention to our organization and the programs we provide, and encourage citizens to get involved. Comcast has helped GNPAL reach many households in one of the most persuasive ways possible. Comcast has also sponsored our Wine and Food Festival. Because of Comcast, we have secured a President's Fund grant for our literacy program. This grant has helped us in our efforts to foster a love of reading and learning among children and help our community grow.

Finally, Comcast is a leader in educational programming for children, bringing innovative new choices, such as SPROUT, to household televisions in addition to favorites like Sesame Street. Comcast also provides high-speed Internet connections to schools and community institutions in the Norristown community, helping citizens and local businesses stay in touch on a local and national basis.

I hope you will take Comcast's efforts to support our community into consideration as you review the proposed venture between Comcast and NBC Universal.

Sincerely,
