

I support Sorenson's filing. The three tier system is unfair to the deaf consumers and VRS. It would encourage smaller VRS to limited it's service to VRS users. If I were I VRS provider I would do my best to keep my minutes under 500,000 minutes.

When a service is provided everyone should recieve equal pay.

The deaf consumer will suffer because they will have long waits for VRS interpreters whereas hearing people don't.
