Washington, DC 20554

Re: MB Docket No. 10-56

Dear Chairman Genachowski:

As the Scout Executive of the Coastal Carolina Council for the Boy Scouts of America, I'm writing to offer you my perspective on Comcast and its important social impact in South Carolina. Comcast is a positive presence in Charleston and beyond, and it extends its reach to organizations like ours.

This year marks the Boy Scouts of America's centennial celebration. In South Carolina, we continue to grow and adapt to help our youth reach their potential through scouting. The Coastal Carolina Council for the Boy Scouts of America reaches 11,000 youth and adults in the nine county area. Our membership is expanding and increasingly focused on serving a diverse group of young scouts. Scouting offers children and families the opportunity to form strong bonds and experience nature: camping, hiking, and fishing teach our scouts valuable lessons in self-reliance and environmental responsibility.

Comcast's leadership and support in this initiative has been invaluable, and we are grateful to count it among our loyal partners. I'm fortunate to work directly with Comcast's General Manager, Bill Watson, who lends his time and expertise to serve on our board of directors. The Boy Scouts have personally benefitted from our relationship with Comcast and so has Charleston.

Comcast is an exemplary corporate citizen and positively impacts South Carolinians at the local level. I am pleased to support its efforts to join with NBC Universal and I strongly encourage you to do the same.

Sincerely,

Legare Clement, Scout Executive
Coastal Carolina Council, Boy Scouts of America

CC: Commissioner Michael J. Copps
Commissioner Robert M. McDowell
Commissioner Mignon Clyburn
Commissioner Meredith Attwell Baker
