Re: GN Docket No. 09-51

Dear Ms. Dortch:

Yesterday, Kyle McSlarrow, President & CEO, National Cable & Telecommunications Association, Tom Tauke, Executive Vice President – Public Affairs, Policy and Communications, Verizon, and Jim Cicconi, Senior Executive Vice President – External and Legislative Affairs, AT&T met with Edward Lazarus and Bruce Gottlieb, respectively Chairman Genachowski's Chief of Staff and Chief Counsel. In that meeting, McSlarrow, Tauke, and Cicconi reiterated that any plan to reclassify broadband Internet access services under Title II of the Communications Act is misguided and unlawful. They discussed exploring alternative solutions, including targeted legislation and cooperative industry initiatives to build consensus on technical matters, and pledged to work with the Commission on pursuing those alternatives.

Pursuant to section 1.1206 of the Commission's Rules, this letter is being filed electronically with your office for inclusion in the public record of the above referenced proceeding.

If you have any questions, please do not hesitate to contact me at (202) 457-3821.

Sincerely,

Cc: Edward Lazarus
