

I am writing to voice my angry opposition to the proposed Comcast-NBC merger. Both Comcast and NBC are too big already and should be broken up, not merged. American media is already too dominated by corrupt and fascist corporate bullshit propaganda.

A merger of this size would give one company unprecedented control over media content and platforms. Even more corporate crap would fall on the public. It would allow the largest cable and Internet access provider to control one of the nation's largest media companies. The executives proposing this should be jailed. It would also give Comcast-NBC an incentive to prioritize its own online content over other content and stifle the free flow of Internet traffic. Comcast and NBC are both fascist companies that should be broken up, not merged.

That's too much power for one corrupt and fascist company, and it threatens competition and innovation at a moment when new forms of online video delivery are emerging.

This merger would negatively affect competition and prompt a new wave of media consolidation as other corrupt and fascist companies scramble to match Comcast-NBC's market power, making these problems even worse. The corporate media lies, cheats and steals!

A bigger, more powerful Comcast will do nothing to address the pressing need for better media in our communities and our democracy. The FCC must stop this merger. Death to the corrupt and fascist corporatocracy! Jail the thieving suits!
