

# VOLUNTEER BROWARD

May 24, 2010

The Honorable Julius Genachowski  
Chairman  
Federal Communications Commission  
445 12<sup>th</sup> Street, SW  
Washington, DC 20554

***Re: MB Docket No. 10-56***

Dear Chairman Genachowski,

I understand that you are considering the proposed joint venture between Comcast and NBC Universal. I write today to give you a better idea of how these two companies have served the Greater Miami area generally and Broward County specifically. Their strong records of community service speak volumes about the kind of neighbors we have in Comcast and our NBC-owned broadcast station, WTVJ.

Volunteer Broward provides meaningful, hands-on volunteer experiences for civic-minded South Floridians in order to positively affect change in Broward County. We connect people who want to make a difference in our community, referring individuals and groups to over 600 nonprofit organizations.

With volunteer opportunities numbering in the thousands, we are fortunate to have Comcast as our signature community partner. The company has been a staunch friend to Volunteer Broward for some time, whether it's lending a hand through the annual Comcast Cares Day events, providing stewardship to our board of directors or highlighting local leaders via public service announcements, Comcast's Newsmakers segments or other programming. Comcast's consistent leadership has led us to name them our Corporate Partner of the Year for 2010.

Similarly, our local NBC affiliate, which is owned and operated by NBC Universal, has made the health and welfare of local residents among its top community priorities. Through events like the annual Health and Fitness Expo and monthly Health Interactive events in which viewers can

speaking live to healthcare professionals, WTVJ has taken a much-appreciated active role in ensuring community health and welfare.

I hope you will take Comcast's and NBC's commitment to the communities they call "home" into consideration in your review process.

Sincerely,

A handwritten signature in cursive script, appearing to read "Dale Hirsch".

Dale Hirsch  
Executive Director
