Re: Certification of Support for Rural and Non-Rural High-Cost Carrier(s) Pursuant to 47 C.F.R §§ 54.313-314, CC Docket Nos. 96-45 and 00-256

The Public Utilities Commission of Nevada hereby certifies that all federal high cost support provided to the listed rural and non-rural carriers in this state will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with Section 254(e) of the Communications Act of 1934, as amended. This includes High Cost Loop (HCL) support, Local Switching Support (LSS), High Cost Model (HCM) support, and high cost support received pursuant to the purchase of exchanges.

Pursuant to Sections 54.313 and 54.314 of the FCC's rules (47 C.F.R Sections 54.313-314), the carrier(s) listed below are eligible telecommunications carriers for rural and non-rural service areas and that Universal Service Funds, to the best of our knowledge, are being used for the intended purposes.

Please add Commnet of Nevada, LLC¹ to list of Rural and Non-Rural ETCs in Nevada.

<u>SAC ID</u>	<u>Name</u>	<u>Service Area</u>
559007	Commnet of Nevada, LLC	Rural & Non-Rural

¹ This is Commnet's second ETC designation in the State of Nevada. This second ETC designation expands the geographic scope of Commnet's ETC designation in the State.

The Commission granted ETC certification to the company on April 6, 2010. Attached is a copy of the Commission's Order.

If additional information is required, please contact me.

Sincerely,
