Re: MB Docket No. 10-56

Dear Chairman Genachowski,

I serve as Assistant to the Manager of Monroeville, Pennsylvania, and I am writing to express my support for the planned partnership between Comcast and NBC Universal. While our municipality is small compared to Pittsburgh, located 15 miles to the west, you should know Comcast makes a big difference here.

We rely on Comcast's telecommunications capacity for high speed broadband, digital voice and digital cable services. Comcast is also a major employer in Monroeville providing good jobs with competitive salaries and good benefits.

What sets Comcast apart from other companies is its commitment to our community. The company demonstrates its commitment through its sponsorship of numerous local events including one that is particularly important to me. Every spring Monroeville holds its annual Jack Sedlak Clean Up Day in memory of my late father. This year's event, held on April 17<sup>th</sup>, marked the clean up's 15<sup>th</sup> consecutive year. I am grateful for Comcast's support of this effort that improves our municipality and honors my father's memory.

Comcast is a good company that cares about the communities it serves. I hope you will approve the company's partnership plan so it can continue to grow and serve as a good neighbor in Monroeville and other cities and towns across the country.

Sincerely,

MUNICIPALITY OF MONROEVILLE
