COMMENTS INVITED ON APPLICATION OF VERIZON ENTERPRISE SOLUTIONS LLC TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 10-114
Comp. Pol. File No. 933

Comments Due: June 11, 2010

Section 214 Application

Applicant: Verizon Enterprise Solutions LLC

On May 5, 2010, Verizon Enterprise Solutions LLC (Verizon or Applicant), located at One Verizon Way, Mail Code: VC22E243, Basking Ridge, NJ 07920, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services throughout the United States excluding Alaska and Hawaii (collectively Service Areas).

Verizon indicates that it currently provides post-paid calling card service in the Service Areas. Verizon explains that its post-paid calling cards are issued to business customers who subscribe to long distance service with Verizon, and that they allow these customers to use the cards anywhere in the U.S. to place and be billed for long distance calls, including international calls. Verizon indicates that it plans to discontinue its post-paid calling card service in the Service Areas on or after July 1, 2010, subject to regulatory approval.¹ Verizon, however, maintains that the public convenience and necessity will not be impaired by the proposed discontinuance because there are many alternative providers of long distance services nationwide. Verizon states that, between April 1 and April 30, 2010, it sent written notice of the proposed discontinuance to affected customers via bill messages in all states except Arizona, Nevada and Wisconsin. Verizon indicates that, on April 30, 2010, it mailed letters via first-class mail to announce the proposed discontinuance to affected customers in Arizona, Nevada and Wisconsin. In addition, Verizon states that between May 1 and June 30, 2010, all customers placing calls using this service will hear an oral message informing them of the proposed discontinuance on July 1, 2010. Verizon indicates that it is considered non-dominant with respect to the services to be discontinued.

We seek comment on Verizon's proposed discontinuance of service, including the steps it has taken to notify customers, given the particular circumstances in this case and in light of the notification procedures prescribed in section 63.71(a) of the Commission's rules. In accordance with section 63.71(c) of the Commission's rules, Verizon's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies Verizon that the grant will

not be automatically effective. In its application and notice to customers, Verizon indicates that it anticipates discontinuing service on or after July 1, 2010, subject to regulatory approval. Accordingly, pursuant to section 63.71(c) and the terms of Verizon's application and notice, absent further Commission action, Verizon may terminate its post-paid calling card service in the affected Service Areas on or after **July 1, 2010**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **June 11, 2010**. Such comments should refer to **WC Docket No. 10-114 and Comp. Pol. File No. 933**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. See *Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998).
