Washington, DC 20554

Re: MB Docket No. 10-56

June 1, 2010

Dear Chairman Genachowski:

I am the President of the Trenton Rotary Club in Mercer County, New Jersey. The Rotary Club is dedicated to serving the community. I can confidently state Comcast shares our dedication to community service. As such, I am writing to ask for your full support for the company's planned partnership with NBC Universal.

The Trenton Rotary Club is one of the oldest and largest community service organizations in New Jersey. Comcast's help, including sponsorships and actual hands on program support, has made many of our community projects possible. Comcast employees often volunteer at our events and Comcast Senior Vice President David Breidinger, a long time Rotarian, has also served as our club president.

In addition to Comcast's support for Rotary, I have seen first hand the company's significant commitments to local organizations across the country. I find Comcast Cares Day particularly impressive. For the last two years, Comcast has teamed up with the Rotary Clubs across the state of New Jersey to support the volunteer efforts of our high school students who work together on a beach clean-up project. This Comcast Cares Day initiative, which began almost a decade ago, is now one of the largest single-day corporate volunteer efforts in the country. Including this year's effort, Comcast employees, families and friends will help local organizations complete over 2,000 projects. I am told this amounts to nearly 1.4 million hours of service.

As you weigh the merits of this proposed transaction, I ask that you consider the difference Comcast has and continues to make in the communities it serves. I believe this business undertaking will ultimately strengthen the company and bolster its commitment to corporate citizenship.

Sincerely,

Sydney Gough

Sydney Gough
President
Trenton Rotary Club
