RE: MB Docket No. 10-56

Dear Chairman Genachowski:

On behalf of the Miracle League of Northampton Township in Bucks County, Pennsylvania I am writing to express our support for the joining of Comcast and NBC Universal.

Every child deserves the chance to play baseball. That is the motto of The Miracle League and the commitment Comcast is helping us to achieve that in Bucks County.

Our organization was established in 2009 with the goal of building a baseball and soccer field for special needs children in Bucks County. We are very close to realizing our goal and the generosity of Comcast is a major reason why. In fact, we will begin construction of our baseball field in Northampton Township, Pennsylvania this summer thanks in part to a generous grant from the Comcast Foundation. Once complete, the field will allow children with all types of disabilities to play America's favorite pastime. Children will bat once every inning with the help of their "buddy" and every one will score a run. There will be no losers, because everyone wins in this game.

The Miracle League of Bucks County is very lucky to have Comcast as a supporter, but it is truly no surprise that the company would take a keen interest in our mission. Comcast has always demonstrated a commitment to kids. Through its attention to children's programming and Internet safety issues and even through its efforts to supply Bucks County area libraries with broadband services at no cost, Comcast has always put children first.

We sincerely appreciate all Comcast is doing in Bucks County and for our kids. Thank you for keeping our perspective in mind as you consider allowing Comcast's venture with NBC Universal to proceed.

Sincerely,

Deborah L. Katz
Vice President
