Washington, DC 20554

RE: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

I am writing to communicate my support for Comcast and my confidence in Comcast and NBC's new partnership. As the leader of Rotary District 7510 in central New Jersey, I work with Rotarians throughout New Jersey to improve the community, and have worked side-by-side with Comcast.

Comcast has a long history of investing in the communities it serves. This commitment starts with their technological investment in our community which has brought broadband, digital television, Video on Demand, and now 3D TV to Central New Jersey. I don't need to tell you that these technologies do far more than entertain; they also provide a vital link to our community, news, and information. However Comcast's real commitment to New Jersey is as a local jobs provider. While many companies are exporting jobs, Comcast is creating jobs in New Jersey and we are appreciative of that.

Rotary District 7510 is made up of 42 Rotary Clubs in central New Jersey, including Hunterdon, Mercer, Middlesex, Somerset and Union Counties. These local Rotary Clubs work to improve their communities through sponsorships of local events and hands-on service. Comcast has supported our mission for years through its generous grant support. Additionally, David Breidinger of Comcast has been involved for decades as an active Rotarian in our District, setting a positive example for others in the community.

Comcast's positive contributions to communities across the nation don't stop with us – Comcast prioritizes service among its employees with its annual Comcast Cares Day. Employees have given an amazing 1.4 million hours of service to 2,300 projects since 2001 and have worked with Rotarians and high school students to clean our beautiful beaches each year.

Comcast is an organization that embodies the spirit of Rotary by giving back to the community and understanding our motto, "Service Above Self." I fully support Comcast in its new venture.

Sincerely,

Alexander Cauwels  
District Governor  
Rotary District 7510
