Re: MB Docket No. 10-56

Dear Chairman Genachowski:

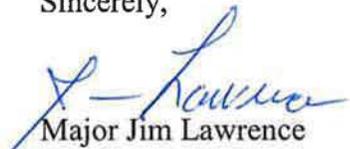

As a Major in the Chattanooga, Tennessee, Salvation Army, I want to highlight the important work Comcast is doing within our community. Comcast has been an important partner to our organization, and we appreciate its efforts to improve the quality of life here. Therefore, I would like to express my support for the partnership of Comcast and NBC Universal.

The Chattanooga Salvation Army offers social services to meet emergency and disaster-related needs, spiritual outreach for all ages, character-building youth programs, and holiday assistance to provide necessities and bring joy to many. Because of Comcast's financial generosity, our Area Command is able to reach thousands of persons every year—responding to local emergency situations such as fires or natural disasters; offering local youth meaningful after-school programs; and collecting toys for families unable to afford Christmas for their children.

Comcast's employee volunteers are among our most dedicated. These good people do not think twice about giving up their free time to help us serve the less fortunate. Comcast's support goes a long way to improving the lives of our fellow neighbors in Chattanooga.

I therefore hope the FCC will keep Comcast's commitment to our community in mind as you consider its proposed partnership with NBC Universal.

Sincerely,

Major Jim Lawrence
The Salvation Army
Chattanooga, Tennessee
