RE: MB Docket No. 10-56

Dear Chairman Genachowski:

With state budgets trembling under the great weight of economic crises around the globe, programs that assist city youth as they attempt to join the workforce are even more necessary and even less funded. In Atlanta, the Mayor's Youth Program, administered by the Atlanta Workforce Development Agency, provides precisely those career development, employment and job training opportunities. We are incredibly thankful that local corporate partners like Comcast are able to step up when tax revenues alone simply won't do the trick.

Comcast has provided support for our program, which offers a GED Prep Program and a Career Development lab where the students are offered tutoring services. This year, MYP received assistance through a Comcast Cares Day grant. We know that Atlanta's youth are a priority for the company and will continue to be in the future.

MYP supports Comcast and NBC Universal in their new business venture and thank you and you fellow commissioners for your consideration of our views.

Sincerely,
