Re: MB Docket No. 10-56

Dear Chairman Genachowski.

On behalf of Martha's Vineyard Community Services, I am writing to express support for the Comcast-NBC Universal partnership because Comcast helps make "dreams" come true.

The mission of MCVS is to meet the comprehensive needs of individuals, families and the community through programs that provide accessible education and human services of the highest quality. Our initiatives include programs to reduce domestic and sexual violence, improve early childhood education, support for people with disabilities, mental health and substance abuse services, and a thrift store. These are local programs designed to serve the local community.

Comcast unequivocally shares our commitment to improve the communities which it serves. The company demonstrated this by becoming the first ever corporate sponsor for the MCVS Possible Dreams Auction. Possible Dreams is a celebrity concept auction. Money is raised through bids on entities otherwise unavailable for sale including outings with or performances by an array of famous individuals.

The company understands the meaning of community service in a truly exceptional way. Please approve this transaction for the good of Comcast and the good of the communities it serves and supports.

Sincerely,

Julia Burgess  
Executive Director  
Martha's Vineyard Community Services
