June 14, 2010

The Honorable Julius Genachowski Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: MB Docket No. 10-56

Dear Chairman Genachowski,

As Speaker of the Utah House of Representatives, I write in strong support of the proposed joint venture between Comcast and NBC Universal. It would have been almost unthinkable to imagine such a venture even 10 years ago but our world is changing so quickly I believe it is in our best interest to allow the free market to dictate how and where technology and media will go.

Comcast have been an excellent partner here in the State of Utah. They have used their technology and products to greatly benefit the lives of the citizens of our State including a number of public service announcements and sponsorships for which I am grateful. In particular, they have hosted and produced a segment that appears during the State Legislative session that allows lawmakers to share ideas with their constituents.

Utah is known as a hub for technology and internet connectivity. We want to continue to encourage private sector companies to invest in technology that will benefit our economic development and educational opportunities for our children. We hope that this joint venture will allow Comcast to find innovative products to help support this goal.

Thank you for your hard work and dedication on behalf of the citizens of our country. I respectfully request that you give these issues the weight they rightfully deserve and hope that the Comcast-NBC Universal transaction is quickly approved.

Sincerely,

A handwritten signature in black ink, appearing to read "David Clark". The signature is fluid and cursive, written over the word "Sincerely,".

David Clark
Speaker of the House
