Re: MB Docket No. 10-56

Dear Chairman Genachowski:

I am writing to express my support for the partnership between Comcast and NBC Universal. I am the Youth Center Program Director for the Boston Chinatown Neighborhood Center (BCNC), and I recognize Comcast as an outstanding corporate partner that respects diversity and cares about the youth of Boston.

Founded in 1969, the mission of Boston Chinatown Neighborhood Center, Inc. (BCNC) is to ensure that the children, youth, and families we serve have the resources and supports to achieve greater economic success and social well-being.

Implementing our mission often requires help from dedicated corporate partners like Comcast. We are especially thankful to the company for its help with our Youth Center. BCNC's Youth Center responds to the lack of programs for Asian American youth in greater Boston area and addresses the changing needs these youth experience every day. We are proud that our center provides them a safe space to make positive choices and to learn in a creative and supportive environment. Comcast invests in programs like ours that promote the leadership and academic skills necessary for a successful transition to adulthood.

As you weigh the merits of the proposed Comcast-NBC Universal transaction, I hope you will factor in Comcast's support for Boston's Asian American community — especially its young people.

Sincerely,

Sophia Kim  
Program Director
