The Honorable Julius Genachowski, Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: MB Docket No. 10-56

Dear Chairman Genachowski:

As the Director of Development for the United Teen Equality Center in Lowell, Massachusetts (UTEC), I would like to tell the FCC about some of the ways Comcast has been involved with our organization. I would also like to encourage the FCC to approve Comcast's pending partnership with NBC Universal.

The mission of the United Teen Equality Center is to ignite and nurture the ambition of Lowell's most disengaged youth to trade violence and poverty for social and economic success. We reach out to these young people through intensive street outreach, build upon their unique strengths within a youth development framework and create opportunities to best support them in becoming agents of social change and organizers in the community.

In April, Comcast employee's spent their day off with us, volunteering with families and friends at Comcast Cares Day. This is the second time we have partnered with Comcast and we were amazed by what we accomplished together. Comcast volunteers worked on five major projects for us, including landscaping, painting, woodwork staining, laying crushed stone for a walkway and spreading a large amount of sand and gravel on our property. This renovation has improved the operation of our facility.

Comcast has made a tremendous impact on our organization's ability to accomplish its core mission. Comcast's community spirit should be considered in your deliberations and factor into your timely approval of this partnership.

Sincerely,

Jessica Wilson
Director of Development
United Teen Equality Center
Lowell, MA

CC: Commissioner Michael J. Copps
Commissioner Mignon Clyburn

Commissioner Robert M. McDowell
Commissioner Meredith Attwell Baker
