Re: MB Docket No. 10-56

Dear Chairman Genachowski:

I am writing you today as a Supervisor of Edgmont Township, Pennsylvania, to ask the FCC to approve the proposed joining of Comcast and NBC Universal.

Edgmont Township is in Comcast Headquarters backyard – only 30 minutes from downtown Philadelphia. We are proud to have Comcast as a neighbor. Comcast provides a wide variety of entertainment to meet the needs of our community. Its broadband services provide high speed Internet access for local businesses, enabling them to compete in today's global economy, as well as our residents.

Comcast is more than a business – it is a community partner. Comcast is an active member of the Delaware County community and supports organizations that make our community a great place to live.

I have found Comcast to be very responsive to our questions and needs. Few large institutions can achieve the level of customer satisfaction that we have experienced.

Comcast's proactive, innovative attitude is an inspiration to us all in the Philadelphia region and I believe a joining with NBC Universal will yield exciting opportunities and results. I hope the FCC will approve this venture.

Sincerely,

Chip Mackrides
Supervisor, Edgmont Township
