The Honorable Julius Genachowski
 Chairman
 Federal Communications Commission
 445 12th Street, SW
 Washington, DC 20554

June 15, 2010

Re: MB Docket No. 10-56

Dear Chairman Genachowski:

As the director of an organization that counsels troubled youth and provides other family assistance programs, I am writing to applaud Comcast for its support of our work and the Gary, Indiana community, and to endorse its request to join with NBC Universal.

Images of Hope provide educational services, job training, children's day care, mentoring for young people and family counseling services. During our 11-year history, we have placed more than 400 clients in jobs, offered computer-literacy training through a state-of-the-art technology lab, and provided office space to non-profit organizations.

Comcast has been an important supporter of our work, both through financial contributions and through volunteer support. We have benefitted from Comcast Cares Day, during which Comcast employees helped clean and paint our facilities, allowing us to devote more time and resources to our programmatic endeavors. Comcast's efforts allow us to continue providing the youth services that are imperative to our community.

In short, without leadership and support from Comcast, we would not be able to have the positive effect that we do in the Gary community. The people we serve are in desperate need of our programs, and we value greatly the support of Comcast.

I encourage the FCC to approve Comcast's proposal to join with NBC Universal.

Sincerely,

Dr. Ella Bush
 Director
 Images of Hope

CC: Commissioner Michael J. Copps
 Commissioner Robert M. McDowell
 Commissioner Mignon Clyburn
 Commissioner Meredith Attwell Baker
