Re: MB Docket No. 10-56

Dear Chairman Genachowski:

As the President and CEO of The Bushnell Center for the Performing Arts in Hartford, Connecticut, I would like to articulate how important a community partner Comcast has become to my organization. Comcast has recently been a significant supporter of The Bushnell, and we have plans to work even more closely together in the future. I am fully in favor of Comcast's proposal to join with NBC Universal.

The Bushnell has delighted and inspired audiences for more than eight decades and plays a leading role in the cultural life of the Hartford, Connecticut area. We are a not-for-profit organization renowned for our mission-based community programs, as well as for being a leading educator and advocate of the arts. Comcast's future support will be a major factor in our ability to meet our mission based community educational and entertainment goals in the years ahead.

The Bushnell has an annual roster of over 350 events and a total aggregate annual audience of over 300,000 people. Through their sponsorship of Bushnell events, we are currently working with Comcast to help us raise our visibility in the community with the goal of increasing our market share.

We are sincerely grateful and proud to partner with Comcast and I happily endorse this opportunity for the company to grow by joining with NBC Universal.

Sincerely,

David R. Fay, President and CEO
The Bushnell Center for the Performing Arts
