Washington, DC 20554

RE: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

I am writing to voice my support for Comcast and NBC-Universal's new joint venture. Throughout the years, Comcast has been a reliable partner for my community. As the Mayor of the City of Trenton, New Jersey, I can speak first-hand to Comcast's long-term investment in my city, and its continued support for important local issues.

The City of Trenton was one of the first urban areas in the nation where Comcast launched digital cable and high-speed Internet. Comcast has served our city for many decades and has kept its promises to invest in and be a part of the community, most recently by helping to bring broadband technology throughout Trenton. This has been a great opportunity for small business owners, who can now access high speed Internet technology to reach both national and international markets at relatively low cost.

Since being elected to my first term as Mayor in 1990, I have worked hard to rebuild and improve my hometown. I've spearheaded programs focusing on creating more affordable housing for working families, expanding healthcare, rebuilding critical infrastructure, improving public transportation and combating crime.

-2-

Comcast has continuously supported these initiatives, through PSAs, local programming, and by helping sponsor many of our community improvement projects and events over the years.

I am confident that Comcast will continue to act as a responsible, upstanding corporate citizen as it grows its business in partnership with the creative workforce of NBC Universal. I wish both companies good fortune in the years to come.

Very truly yours,

A handwritten signature in black ink, appearing to read "Douglas H. Palmer". The signature is fluid and cursive, with a long horizontal stroke at the end.

Douglas H. Palmer
Mayor
