Re: MB Docket No. 10-56

Dear Chairman Genachowski:

As president of the Urban League of Hudson County Inc. (ULOHC), I have been closely following the proposed partnership of Comcast and NBC Universal. I am writing to describe how Comcast has helped the diverse communities in Jersey City, Secaucus, Kearny, East Newark and Harrison, and to endorse its transaction with NBC Universal.

Empowering residents and improving the quality of life in urban communities is the mission of ULOHC. We work in partnership with community groups, government and corporate sponsors to meet our goals. The Urban League of Hudson County Inc. provides services in the areas of education, mentorship, economic development, job placement, childcare, family counseling and programs for seniors.

Comcast is one of our strong community partners. Comcast not only provides annual sponsorship support, but we have also had the pleasure of participating in Comcast Cares Days for the last four years.

In addition, I have been a featured guest numerous times on Comcast Local Edition, an original programming series that offers a platform for open discussions on political and community issues pertinent to New Jersey. This has allowed ULOHC to directly communicate with the community at large about our organization and the services we provide.

Comcast has proven its commitment to diversity in New Jersey and the ULOHC supports its venture with NBC Universal.

Thank you for taking our opinion into consideration.

Sincerely,
