

Celebrating 25 Years of Success

June 21, 2010

To the FCC Chairman and Commissioners:

Chairman Julius Genachowski
Commissioner Michael J. Copps
Commissioner Robert M. McDowell
Commissioner Mignon Clyburn
Commissioner Meredith Attwell Baker
Federal Communications Commission
455 12th Street, SW
Washington, DC 20544

RE: MD Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

I want to clearly express my support for NBC Universal and Comcast's emerging business partnership. Comcast has positively affected communities across the country for years, including here in Washington, DC and I believe this partnership will only strengthen the ability to do so in the future. I believe this because of what I have seen of Comcast in my role as president & CEO of Leadership Greater Washington.

Leadership Greater Washington's mission is to connect and challenge local leaders from backgrounds to improve the quality of life in the Greater Washington area. We do this through dynamic education and membership programs that promote dialogue and cooperation, enabling area leaders to find effective solutions to regional challenges. Comcast has been a committed supporter of our organization, providing us with grants and in-kind support such as PSAs.

Comcast has also bolstered our community economically, employing more than 200 people in the Greater Washington region.

Because of Comcast's long-term positive presence in the community, I am proud to support the company in its new venture.

Sincerely,

A handwritten signature in black ink, appearing to read "Timothy Q. Kime, Jr.", is written over a light-colored rectangular background.

Timothy Q. Kime, Jr.
President & CEO

Bright Past. Brilliant Future.
