Comments Supporting
The Proposed Rule Changes in ET Docket 10-97

Uniden America Corporation is pleased to support this Notice of Proposed Rulemaking to revise certain rules in FCC Part 15 Subpart D, UPCS Band.

I. About Uniden

Uniden America Corporation, the North American subsidiary of Uniden Corporation, manufactures and markets wireless consumer electronic products including cordless telephones, business telecommunications systems, Bearcat® scanners, FRS/GMRS radios, marine radios and other wireless personal communications products. Based in Fort Worth, Texas, Uniden sells its products through dealers and distributors throughout North, Central and South America.

Our product line has given us a broad experience with the challenges facing all wireless products and extensive experience with the UPCS band. Our comments supporting the proposed changes to the rules come from our experience in using this band and understanding of the future needs to allow for the technological development of these devices.

II. Conclusion

Uniden America supports the rule changes proposed in ET Docket 10-97. These changes are supported by our own experience and analysis. We therefore strongly support the Commission's proposed action in this docket.

Respectfully submitted,

Uniden America Corporation
