

Keep the INTERNET in the PUBLIC DOMAIN - DO NOT LET PRIVATE INDUSTRY TAKE A HOLD OF IT. THE INTERNET WAS CREATED BY THE GOVERNMENT AND SCIENTISTS COLLABORATING AT TOP SCHOOLS. It ought to exist for the benefit of ALL. Private corporations should NOT be given the kind of power over the INTERNET that would tempt them to bend the INTERNET in their favor. And you know this will happen.

I rely on the Internet as a public platform for free speech, equal opportunity, economic growth and innovation. Without vital Net Neutrality protections, companies like Verizon and Comcast, which have a commercial incentive to limit the free-flowing Web, can decide whether I will have a voice online. These companies should not have the power to determine my fate on the Internet.

The FCC must have the power to protect consumer access to the most important communications medium of our time. The FCC must stand with me and keep the Internet in the hands of the people who use it every day. Please reclassify broadband as a "telecommunications service" and keep the Internet open and free of corporate gatekeepers.
