

For billing and non-billing complaints (including privacy and service quality issues) please provide the details of your complaint or any additional information below:

I want to voice my strong support of the Commission's effort to act as a referee online, to provide proper oversight of a telecommunications network to guarantee an open, competitive and non-discriminatory internet. The internet should simply be reclassified as a telecommunication like our phone system so that current citizen safeguards and regulations apply. Thank you so much for taking my opinion into consideration.
