Erratum

Dear Ms. Dortch:

The Rural Independent Competitive Alliance (“RICA”) filed comments in the above proceedings on July 12, 2010. The Table of Contents of those comments failed to include page references and had other format errors. The attached version with those format errors corrected, but no change in substance, is submitted for the Commission’s record, please substitute it for the originally filed comments.

Thank you for your consideration, please direct any questions to me.
