RE: MB Docket No. 10-56

Dear Chairman Genachowski:

RECEIVED
2010 MAY 31 P 2:02
JULIUS GENACHOWSKI

As Mayor of Donora Borough, Pennsylvania, I am always on the lookout for Individuals and companies that go beyond the call of duty in giving back to their communities. That's why I am writing to you today. Comcast and its employees have repeatedly demonstrated good corporate citizenship in Donora.

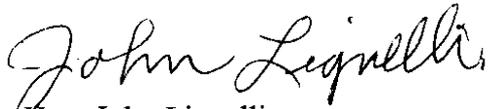

At a past Comcast Cares Day event it was great to see so many Donora residents coming together in our community park. Comcast organized 80 volunteers who gave over 400 hours of service that included painting, landscaping and general cleanup. Comcast also made a foundation grant to the Donora Downtown Committee, an important local group that performs outdoor beautification, including grounds repair and landscaping. In addition, Comcast has provided complimentary video and broadband service to schools and community buildings throughout the area.

Comcast provides quality cable, high speed Internet and phone service for many of our residents, which are increasingly critical both for businesses and families in Donora. Comcast also works with young people to train them for jobs in the high tech sector and encourages students to spread their technological knowhow throughout their communities.

I can tell you from personal experience that socially responsible corporations make a hugely positive impact on the communities they serve. I hope you will take Comcast's efforts to assist our community into account as you complete your review process.

Warm regards,

A handwritten signature in cursive script that reads "John Lignelli".

Hon. John Lignelli
Mayor, Donora Borough PA
