Re: MB Docket No. 10-56

Dear Chairman Genachowski:

I am the Managing Director of Wyman Street Advisors, a leading real estate firm with four locations in Massachusetts. As such, I am an active member of communities all over the Commonwealth and have interacted closely with Comcast and its local executives. Comcast stands out in my mind as an especially dedicated partner to Massachusetts' cities and towns and I thought it beneficial to inform the FCC of all the good work Comcast is doing as it reviews the company's proposal to join with NBC Universal.

I believe it is imperative to give back to the community at large; to not just operate as a business, but also as a good neighbor. I have keenly observed what Comcast does on the local level and am truly impressed by the dedication and understanding of community issues that the company conveys. In fact, I personally implored Comcast to get involved with the Boston Police Athletic League and the results have been outstanding. Comcast never batted an eye to provide support and volunteer time to the organization. The company recently provided a \$20,000 grant to support our youth programs in the City of Boston

Outside of its community commitments, I can attest to the fact that Comcast is an excellent service provider in Massachusetts. I am a long time, satisfied customer that enjoys all of the state-of-the-art features of Comcast's cable and high speed Internet offerings. I know Comcast to be fair, equitable and respectful of the communities where it operates facilities.

Comcast is a good corporate citizen in Massachusetts and I sincerely want to see it grow here. I wholeheartedly support Comcast's union with NBC Universal.

Sincerely,

Charles E. "Chip" Batchelder, Wyman Street Advisors
