RE: MB Docket No. 10-56

Dear Chairman Genachowski:

I write to urge you to keep in mind the positive impact that Comcast has on the communities it serves as you consider the company's joint venture with NBC Universal.

Comcast has long been a positive force in Cherry Hill, and we expect the company will continue its strong record of community involvement. The company recently demonstrated its long-term commitment to Cherry Hill by signing a twenty-five year franchise agreement in which the company promises to provide complimentary television and broadband to municipal buildings, schools and libraries.

Beyond the franchise agreement, Comcast offers other services to the community. The Comcast Newsmakers program provides a critical forum for local issues and has hosted our mayor, Bernie Platt, several times. Comcast even sponsors the annual Fourth of July fireworks display, as well as our summer concert series.

We look forward to working with Comcast and NBC long into the future.

Thank you for your consideration.

Sincerely,

Dan Keashen
