Telephone: 413.787.7087
Fax: 413.787.7211

Co-Sponsoring Organizations (if any)

(N/A)

Brief Description of Project :

One of our primary goals at Springfield Public Schools is to develop and implement projects that utilize state-of-the-art technology that can bridge the Digital Divide which we experience as a large urban school district. A critical need is to develop a network to provide distance learning and content delivery for our students and teachers.

SPS has contracted for this service with an eligible telecommunications provider, **Achieve Telecom Network of MA, LLC.**, who offers a distance learning transmission service, called **AchieveXpress**. AchieveXpress is a comprehensive telecommunications service that permits video, audio and text to be transmitted from one site to one or more sites for use by emergency management, corporations, government facilities, educational institutions or libraries. The telecommunications services of AchieveXpress are used to electronically deliver training and instructional materials and other data to equipment provided by Achieve Telecom that is then connected to the Customer's local area network. Achieve Telecom provides AchieveXpress as a fully managed telecommunications service and can use existing Customer bandwidth for delivery or provision additional terrestrial or satellite connectivity. The AchieveXpress service qualifies for funding as a telecommunications service from the Federal E-rate program.

SPS is applying for funding of this project from the Federal E-rate program and we anticipate receiving financial coverage for 88% of the cost from that key resource. Therefore, we are asking the USDLA for a grant of 12% of the project cost to support our initiatives in implementing this service in fifty-one (51) schools in our district.

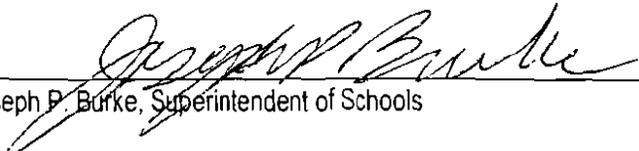

Cost of One (1) Year Project:

Grant Request: \$221,400.00 Cost-share: \$1,623,600.00 Total Cost of Project: \$1,845,000.00

Date you plan to begin making expenditures for project activities: July 1, 2007

Date you plan to finish making expenditures for project activities, if applicable: N/A

By signing and submitting a grant application, the authorizing official of the applicant institution is providing certification regarding compliance with federal nondiscrimination statutes, debarment and suspension, and fair labor standards.

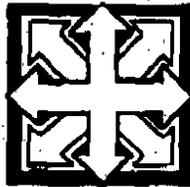

Institution's Authorizing Official: 
Dr. Joseph P. Burke, Superintendent of Schools

Date: January 16, 2007

USDLA[®]

UNITED STATES DISTANCE LEARNING ASSOCIATION

June 27, 2005

Thomas Kingston
Superintendent of Schools
Chelsea Public Schools
City Hall - 500 Broadway
Chelsea, MA 02150

Dear Superintendent Kingston:

The United States Distance Learning Association (USDLA) is pleased to receive and accept your grant application for funding assistance for the Chelsea Public Schools District Digital Divide Project. We appreciate the opportunity to assist your Chelsea Public Schools District with this very important and ambitious distance learning project. USDLA is a registered 501 (c) 3, and we provide these grants to support distance learning projects for K-12 school districts.

One goal of USDLA focuses on ending the "digital divide" in urban and rural America by supporting the implementation of state-of-the-art technology which encourages and enhances the classroom learning experience with advanced technical resources. Your project represents that specific goal and we welcome the opportunity to build this very important partnership with the Chelsea Public Schools District.

We understand that the project will be funded primarily by E-rate funds from the Schools and Libraries Division (SLD) of the Universal Service Administrative Company and will be dependent upon the approval of the SLD. While you may have been referred to USDLA by a vendor for this project, please understand that our grant is to your school district and is not dependent upon your selection of any specific vendor.

USDLA requires that a final budget be submitted by each school district upon receipt of the Funding Commitment Letter from the SLD. This budget must confirm the E-rate discount percentage and the resultant E-rate cost share for the project. In addition, USDLA expects that a separate line item in the school district budget will be established that is specifically for the receipt of USDLA grant funds for this project. Please communicate the account number and directions for sending the grant money to this account.

Congratulations! We look forward to working with the Chelsea Public Schools District. Please do not hesitate to contact me directly if you have any questions.

Sincerely,

John G. Flores, Ph.D.
Executive Director

EXHIBIT 16

Declaration

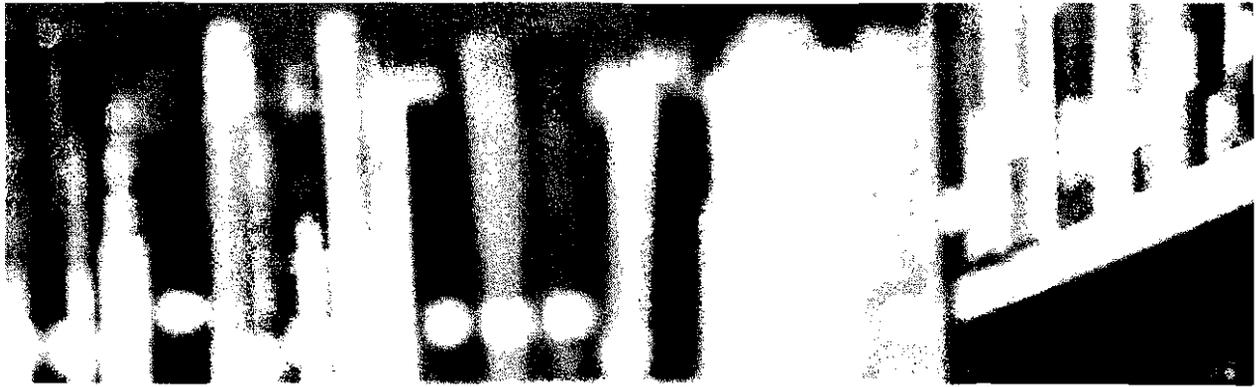

I, Joy D. Jackson, do make oath and state:

1. I, Joy D. Jackson, am President of Achieve Telecom Network of Massachusetts ("Achieve"). In my role as president I routinely met with customers for sales and marketing purposes, supervised the monthly billing and reviewed the receipt of payment of customers.
2. During meetings with potential school district customers from economically disadvantaged cities, we would often discuss the potential to receive a grant from a number of non-profit sources. The attached summary of grant opportunities was developed as a "leave-behind" for these customers.
3. I have reviewed the attached list of invoices that were sent to the United States Distance Learning Association ("USDLA") and to the School Districts and find the list to be complete and correct.
4. I was involved in the reviews of School District's Funding Commitment Letters for Achieve services, conducted by the Program Integrity Administration reviewers. In these reviews Achieve and the School District were often asked to produce canceled checks from the payment of the non-discounted portion of the service by USDLA per the grant award to the School District in order to release payment of the discounted portion of the service by SLD. These canceled checks were retained in our files and are reproduced herein.
5. I have asked Achieve's banks, the accountant for USDLA and USDLA to assist us in retrieving a complete record of all canceled checks that reflect payments made by USDLA on behalf of the school districts to Achieve

Signed under the penalty of perjury this 25th day of June 2010.

Joy D. Jackson

Corporate and Other Foundation Grants

Computing Science Exploration Grant Program

Fourier Systems launched its' first grant in June to give "educators an opportunity to create and implement a science classroom supported by technology." Entry for this grant program is open until January 1, 2009

Corning Foundation

The Corning Foundation educational grants support community service programs for students, curriculum enrichment, student scholarships, facility improvement, and instructional technology projects for the classroom. The Foundation directs resources primarily toward initiatives that improve the quality of life near Corning Incorporated **locations**. Each year, the Foundation fulfills approximately 225 grants totaling some \$2,250,000. Support goes to institutions that are tax-exempt under Section 501 (c)(3) of the Internal Revenue Code and which are public charities as defined in Section 509(a) of the Code.

International Technology Education Association (ITEA)

A professional association for technology education teachers who teach problem-based learning using math, science, and technology principles. The Grants/Scholarships/Awards section provides information on support programs offered by the Foundation for Technology Education and ITEA. Opportunities are available to ITEA members only.

ITEA, 1914 Association Drive, Suite 201, Reston, VA 20191-1539

Email: itea@iris.org

Phone: (703) 860-2100

NEC Foundation of America

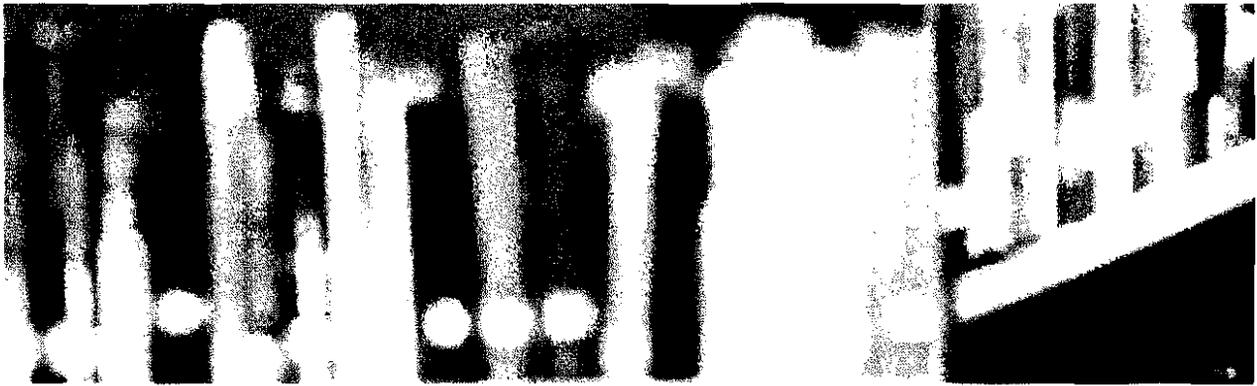

NEC Foundation of America supports programs with national reach and impact in assistive technology for people with disabilities. Application deadlines are March 1 and September 1. The application process takes six months.

NEC Foundation of America, 2950 Express Drive South, Suite 102, Islandia, NY 11749-1412
