RE: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

As the president of the Brighton Chamber of Commerce in Michigan, I am writing to you as a supporter of Comcast's new business endeavor with NBC Universal. Our chamber supports local merchants who serve the thousands of visitors to the downtown Brighton area who attend civic, social and business events. Comcast has helped us to promote and strengthen our local businesses by partnering with us to sponsor networking and leadership events. This year, because of the company's support, we awarded Comcast the Business Service Award.

I am committed to supporting companies like Comcast that help support local businesses and community spirit.

Sincerely,

Pamela McConieghy
President & CEO
