

When do the people that FUND EVERYTHING sic. THE AMERICAN TAX PAYER have a say in national policy? I have no allegiance to any corporation. And neither should the FCC. It is my intent to go after the BOND of any official that dumps the public into the corporate Trough because they are too GUTLESS to stand up against MONEY. I rely on the Internet as a public platform for free speech, equal opportunity, economic growth and innovation. Without vital Net Neutrality protections, companies like Verizon and Comcast, which have a commercial incentive to limit the free-flowing Web, can decide whether I will have a voice online. These companies should not have the power to determine my fate on the Internet.

The FCC can't cut private deals that would hand control over the Internet to a few massive phone and cable companies. Any compromise that allows Internet providers to build toll lanes online is not real Net Neutrality.

The agency must stand with the public and protect consumer access to the most important communications medium of our time. The FCC must regain its resolve to protect Net Neutrality on wired and wireless networks. Please reclassify broadband as a "telecommunications service" and keep the Internet open and free of corporate gatekeepers.
