

PLEASE CONSIDER THE HISTORICAL NATURE AND BENEFIT OF THE MRHS STATION KSM AND PROVIDE FREQUENCIES FOR THEIR CONTINUED OPERATION. A DECADES WORK HAS GONE INTO THIS PROJECT WITH CONSIDERABLE FUNDING EXPENDED. ALL OF THIS SHOULD NOT BE FORSAKEN.

BASICALLY THE FREQUENCIES USED BY KSM ARE AT ZERO COST TO THE GOVERNMENT. THE EXISTING SPECTRUM WILL PROVIDE USERS WITH ADEQUATE BANDWIDTH FOR DIGITAL COMMUNICATIONS WHILE RESERVING THE EXISTING SPECTRUM FOR KSM. THE CW TRANSMISSIONS FROM KSM ARE LESS BANDWIDTH THAN MOST DIGITAL FORMATS.
