

Hello, my name is Ryan Preston from Chicago, IL, and I have a message I want to make sure to get to Chairman Genachowski.

The deal Google and Verizon wrote behind closed doors is evil. It would destroy the Internet as we know it and let corporations control online networks. It would stifle innovation and free speech.

The Chairman needs to stand up, do his job, reject the Google-Verizon deal and protect the free and open Internet. And he needs to do it now, before more giant corporations start dictating the rules for us.

Sincerely,

Ryan Preston
