WC Docket No. 07-256

Dear Ms. Dortch:

On August 10, 2010, David Bartlett of CenturyLink and I met with Christi Shewman of Commissioner Meredith Baker's office to discuss the above-captioned proceedings.

ITTA urged the Commission to implement measures that address phantom traffic, access stimulation, and obligations of VoIP providers to pay access for calls terminated on the public switched telephone network (PSTN). Immediate action on these items will reduce incentives for arbitrage, strengthen provider stability by enabling proper cost recovery, and serve as a reasoned prelude to further comprehensive reform.

Please do not hesitate to contact me if you have any questions or require additional information.

Sincerely,

Joshua Seidemann
Vice President, Regulatory Affairs
