

Dear Fox-Charlie-Charlie:

I am Reverend Charlene Walking Turtle Mann. My congregation and I all rely on the Internet as a public platform for free exercise of religion, general free speech, equal opportunity for education, personal economic growth and original innovation. Under the proposed Google+Verizon Corporatization Scheme, corporate companies like Verizon and Comcast, which have a commercial incentive to limit the free-flowing Web, can and sure as Hell will arbitrarily and high-handedly decide whether or not (and if so to what limited extent) my congregation and I will EVER have a voice online EVER AGAIN.

Point: These corporate "entities" are commercial companies. They are NOT REAL HUMAN PERSONS. NONE of them should EVER hold the power to determine the fate of the Internet - let alone MY OWN fate re the Internet.

Fact: Benito Mussolini tells us true from his historic grave in History: Corporatism is Fascism. My own father landed at Anzio and survived to see Auschwitz in the cause of expunging both Nazism and Fascism from the face of the Earth. And now look what you have on your doorstep and - should you Sleepy FCC People ever open that door at all - at your throat!

Reality: America was not ever and is not today constituted-up as a Fascist Monarchical Power. The Internet DOES NOT NEED A KING - or for that matter ANY PRIVATE OWNER/OPERATOR. Efforts to plow the Global Village under for the sake of greed and the mammon thereof shall end in tears - best to prevent that approach being mounted NOW rather than remedy later.

Reality: My CAT has a greater right to "own" the Internet than ever either the evil Google-dot-com OR the greedy Verizon-dot-com entities ever had.

Charge: DO YOUR DUTY and PROTECT+PROVIDE FOR the PUBLIC INTEREST. Government is not a for-profit operation except in the eyes of the greedy top-tier fascisti that now infest our sacred halls of Legitimate Governance. WE SHALL NOT BE FOOLED by the Corporate-favored FAKE PHONY BOGUS CRIMINAL EXCUSE for FINANCIAL AND MENTAL RAPE of WE THE PEOPLE by means of a STEALTH-IMPOSED AND UTTERLY INFANDOUSLY UNDUE CORPORATE INFLUENCE.

And now I am all done shouting at you Sleepy People. And that is all!

The FCC must stand with the Public Interest. The FCC MUST protect consumer access to the most important communications medium of our time.

The FCC must regain its resolve to protect Net Neutrality on wired and wireless networks. (Um, where did it go? Was there an Abramoff or Someone Like Him?) To that end:

Please and kindly and RIGHT NOW PRONTO PDQ STAT just DO reclassify broadband as a "telecommunications service" and keep the Internet open and free of corporate gatekeepers. You Sleepy FCC People break the Law of the Land every time you cut a private deal with Corporatist Operatives that would hand control over the Internet to a few massive phone and cable companies.

STOP DOING THAT! STOP STOP STOP STOP!!!!!!! <TWEEEE-EEE-EET!> <Blows LOUD whistle HARD<.

Point: Any compromise of best Practice and Key First Principles that allows Internet providers to build themselves a corporate mass of "toll lanes" online is not real Net Neutrality. Reclassify broadband as a TELECOMMUNICATIONS SERVICE. Regulate per YOUR ORIGINAL CONGRESSIONAL MANDATE AND CHARTER - not theirs.

And once again: That is all! :)
