RE: MB Docket No. 10-56

Dear Chairman Genachowski:

I am writing to you today on behalf of OPCMIA Local 755, to share our opinion concerning the Comcast-GE joint venture in regards to NBC Universal. I appreciate you taking the time to read my letter as we believe strongly in the business arrangement between these companies.

OPCMIA Local 755 represents Plasterers, Moldmakers and Sculptors working in the motion picture industry who are largely employed by companies who produce feature films and television programs. Our members enjoy a good living made by doing something they love. Unfortunately, like many American workers, the past few years have proven very difficult for our members. It has been hard for them to continue making a good living for their families. Therefore, we are very encouraged by the news of this new venture.

We feel the Comcast-NBC Universal arrangement is in the interest of our membership and the entertainment industry as a whole. Comcast's commitment to honor all of NBCU's collective bargaining agreements has our membership extremely encouraged. We feel that this new transaction brings a renewed focus to the entertainment industry, which will ultimately strengthen our members' futures.

Thank you for your time and consideration.

Sincerely,
Mark A. Seay
Business Agent
