

Open and unfiltered internet is my SOLE source for unvarnished information from fellow citizens, not giant corporations. I need an internet unfiltered by media giants!

This gives providers a terrifying amount of control over my stream of information. It essentially makes corporations the fourth estate and seriously wounds the press.

The agency must stand with the public and protect consumer access to the most important communications medium of our time. The FCC must regain its resolve to protect Net Neutrality on wired and wireless networks. Please reclassify broadband as a "telecommunications service" and keep the Internet open and free of corporate gatekeepers.
