Dear USAC,

The purpose of this fax is to request an invoice deadline extension for the Funding Request Numbers listed in the table below. I believe I have included the required information which was given to me from the Help Desk and listed on your website. I would like to file for these funds since I learned from the Treasurer, Mollie Hansel that discounts were not applied to our bills, as we intended, and that this additional step must be taken.

Mrs. Hansel and I are discovering several miscommunications in the invoicing process and I was only made aware of the necessity of filing the BEAR form recently. Her office pays the bills, but didn't know to look for discounts, and my office does all the filing but wasn't aware that the vendors weren't applying discounts. Mrs. Hansel and I are making steps to correct our communication methods and we are working more closely in the ERATE process.

It is because of this, I would like to request an extension. I believe that this miscommunication between us and the vendor has been occurring for several years, and we are committed to correct this situation.
