REQUEST FOR WAIVER

RE: CC Docket No. 02-6 and CC Docket No. 96-45

To Whom It May Concern:

This letter is a **Request for Waiver of a 2005 Form 472 Deadline** for all FRNs associated with the application described below:

1. Funding Year: **2005**
2. Form 471 Application Number: **474136**
3. Billed Entity Number (BEN): **121287**
4. Applicant Name: **Newmarket School District**
5. Applicant Contact: **Susan Caswell**
6. Applicant Phone: **603-659-5020**
7. Applicant Email: **scaawell@newmarket.k12.nh.us**

The BEAR Forms for the six FRNS (**1307546, 1307555, 1307567, 1321605, 1321621, 1321631**) in this 2005 application were not filed.

Staff changes and resultant training issues prevented the timely filing of BEAR Forms for the FY 2005. Those staff issues have been addressed and remedied. Subsequently, the Newmarket School District has filed all forms for 2008, 2009 and 2010 in a timely manner to ensure funding needed to bring telecommunications and information services to their students and patrons.

We acknowledge and recognize the importance of adhering to the USAC deadlines in assisting the Commission in guarding against the waste of program funds. However, no violation of a Commission rule has been made, and no activity to defraud or otherwise abuse the E-Rate program has been engaged, as stated as stated was taken in consideration in making a waiver determination in the June 2, 2010 Order released from the Commission.

A procedural deadline was missed, and we are attempting to correct this error on behalf of the applicant and collect the funding needed to reimburse the Newmarket School District.

As with other small school districts, the tasks involved working on E-rate applications, such as submitting the timely forms, can be cumbersome if one is inexperienced and time deficient due to other duties. Again, these staffing issues have been remedied and we are now attempting to remedy the funding issues.

We ask that the Invoice deadline be waived.

I appreciate your consideration in this matter.

Sincerely,
