**Re: Unlicensed Operation in the TV Broadcast Bands
ET Docket Nos. 04-186 and 02-380**

Dear Ms. Dortch:

On September 15, 2010, the undersigned met with Rick Kaplan, Chief Counsel and Senior Legal Advisor in the Office of Chairman Genachowski, regarding the above-captioned proceeding.

During the meeting, we discussed the issues raised in NCTA's Petition for Reconsideration and Clarification, *ex partes* and other filings in the above-captioned proceeding. Those issues included protecting cable headends that receive a broadcast station's signal more than 80 km outside the station's protected service contour, direct pickup interference to cable services from TV band devices, and protection of wireless microphones.

Respectfully submitted,

/s/ Rick Chessen
