Dear Mr. Perko:

I have enclosed a copy of a message from my constituent, Paul Harte, for your review and response.

Thank you for your help. Please call my aide, Chris Conroy, if you have any questions.

Sincerely,

PETER DeFAZIO
Member of Congress

Hello,

I have a UHF wireless microphone that I bought for professional video production about 8 years ago. I paid \$500 for it.

I've heard that the FCC has given away the spectrum to tv stations so they can broadcast digital and that my mic might interfere with them.

Can you find out if I can operate my UHF mic in Oregon without being punished by the FCC? It operates on UHF frequency 740-772.

TIA

Paul Harte
