Re: North American Numbering Plan Administrator Neutrality Requirements; CC Docket
No. 92-237

Dear Ms. Gillett:

On October 13, 2010, NeuStar, Inc. (Neustar) filed a letter in the above-captioned docket requesting an increase in the pre-approved limit for certain debt transactions, subject to the safeguards previously adopted by the Commission in the Wireline Competition Bureau's letter dated January 16, 2007.¹ In order to provide the company with sufficient flexibility to meet future needs, Neustar hereby amends its letter to seek pre-approval for a total of *three* billion dollars in debt transactions, subject to the previously adopted safeguards. Consistent with the Commission's previous findings, with the safeguards specified by the Bureau in its letter, the debt transactions for which Neustar seeks pre-approval comport with its obligations under §52.12(a)(1)(ii) and will fully protect the company's neutrality.

Thank you for your consideration of this request. If you have any questions about this letter, please contact me.

Respectfully submitted,

Gerald J. Kovach
