Dear Ms. Dortch:

On October 18, 2010, Robert W. Quinn and I, on behalf of AT&T, met with Zachary Katz, Legal Advisor to Chairman Julius Genachowski. During the meeting we discussed the need for comprehensive reform of universal service and intercarrier compensation. Consistent with AT&T's filings in these proceedings, we urged the Commission to reform these legacy programs to create a rational, sustainable business model for the provision of broadband service to rural America.

Pursuant to section 1.1206 of the Commission's Rules, this letter is being filed electronically with your office for inclusion in the public record of the above referenced proceedings.

If you have any questions, please do not hesitate to contact me at (202) 457-3821.

Sincerely,

/s/ Henry Hultquist
