Re: *Notice of Ex Parte Presentation* - GN Docket No. 09-191 and WC  
Docket No. 07-52

Dear Ms. Dortch:

On October 21, 2010, CTIA–The Wireless Association® (“CTIA”) met with Commissioner Michael J. Copps and John Giusti, Chief of Staff and Legal Advisor to the Commissioner for wireless, international and public safety issues to discuss wireless net neutrality issues. CTIA was represented by Steve Largent, President and CEO, Chris Guttman-McCabe, Vice President, Regulatory Affairs, Scott Bergmann, Assistant Vice President, Regulatory Affairs, and David Redl, Director, Regulatory Affairs.

Consistent with the attached presentation, CTIA argued that net neutrality rules are not needed for wireless broadband and urged the Commissioner to recognize the differences that make wireless unique when considering the application of net neutrality to broadband. Pursuant to Section 1.1206 of the Commission’s rules, a copy of this letter, along with the attachment, is being filed via ECFS with your office.

Should you have any questions, please do not hesitate to contact the undersigned.

Sincerely,

*/s/ Christopher Guttman-McCabe*
